

Making a difference in a child's life . . .

Refugee Children

Greetings from

Natasha

Hello Mr. Behzad and All Sponsors,

I want to wish you a Happy Easter! May the Spirit of the Lord fill your homes this Easter and the rest of your life. I want to say that we praise the Lord for you every day, because He joined us at the foot of His cross where we all can find renewal of our hope, health, and love.

His blood made us one family and it doesn't make any difference where we all live as He has made us one through His death and resurrection. I'm absolutely sure that Easter teaches us the meaning of faith. Faith without works is dead and God so loved the world that He gave His Son for us. I see the analogy with you and us. You love Jesus and you give to His children so that we could survive. The Word of God says, that everything you do to the least of these, you do to Him.

I can testify that every time I have said to the Lord, "May Your will be done in my life," it hasn't always been easy to live but God has been faithful to me and he has sent His angels to help me in doing His work. When Jesus went to the Mount of Olives to pray, He was crying and asking God to take this cup from Him but when He decided to do God's will, the Bible says that an angel from heaven appeared to Him and strengthened Him, Luke 22:39-43.

You know that our country is in the state of war; it is not over yet. There are a lot of refugees everywhere, prices are crazy for everything and we are also going through some hardships. The children have some health issues. Leonid broke his thigh while he was playing with the swing and Natasha has broken her leg. Andrei and Zhenya are in the hospital because of the flu. But we see that God's hand is upon us, because He sends angels to strengthen us.

When I meet with the children I tell them that each of them has their own angel from God to protect them and bless them. Once, when I was preaching to them, I tried to explain to them that God loves the world. I told them that you have never seen your sponsors but they take care of you each month. They send their finances for you and they send letters to you but you have never seen them. It is the same with God, we can't see Him but He is there and He keeps us in His care. He gives peace to our city, He gives joy to our hearts.

I want to say thank you because you are those invisible angels whom God has sent to our lives. We love you and we bless you and your families.

Pastor Leonid
