

A Letter from Roma

ROMA

Hello Dear Sponsors,

This is Roma Kostuchenko writing to you. I would like to thank you for the things that you do to our home. Thank you for the pump that you helped us to buy, now we have clean water and are independent from city water. We really hoped that God would open your heart to help us to buy the pump, you did, and now we have it. We praise God! Thank you.

I'm 20 years old. I found a job. I'm an engine driver in the mines underground. I live here and I can keep the money I earn. I hope that one day I'll be able to buy my own house. You know that my hobby is soccer, I'm fond of it. I play for our city in soccer.

This year we planted potatoes earlier and more than ever before. We have many refugees living at our home and we will need more food because we do not know how long they will stay here. We are glad that God provides for us through you and some other people from the church.

Please come to visit us, we will be glad to see you. Thank you for your monthly support. May God bless you and your families. We will continue to pray for you.

We sincerely love you.

Remove this portion and mail with your next monthly contribution.

Sasha
