## Hood Successfully Installed!

Our trip to Ukraine was a success. The two main goals for this trip were the set-up of a learning center with computers and software and the installation of the kitchen hood.

After quite a challenge, the hood arrived at the Orphanage and was successfully installed. Four computers were set up on individual desks with new software to teach English to the children. A new printer was purchased and installed as well. The children were excited to begin learning the new program with Lilya as their instructor!

## Blankets Are On Their Way!

Over 40 of the softest fleece blankets and quilts are packed and on their way. A great big THANK YOU to all those who helped make this possible!

### Happy Birthday!
