News About the Children

Hello Mr. Behzad, Members of House of Hope, and all Sponsors,

I want to tell you how we spend this month, it was unbelievable. Together with our children and some people from our church, we were at the Sea. First of all, I want to tell that in our region there are no camps for children this year because of the war that takes place. Our entire Asove Sea is mined. We asked for permission at different cities on the Sea but they didn't allow us to go. One lady from our church

called her son-in-law who is the director of one very old pension. It doesn't function any more but it's very close to the Sea. So we decided to go there with the children. It was in the city of Yurjevka. When we arrived there, we found out that around our pension they were training NATO soldiers. They came to us and told us that they will protect us if we have any problems, they allowed us to use their drinking water because we didn't have any. We saw miracles when snakes came into our kitchen and started to jump at the small children. God gave us wisdom on how to protect the children. We had a lot of different jobs for the children. It was fun for them. We were there for two weeks but it felt like we were there for two days. WE DIDN'T WANT TO COME BACK. While we were at the Sea, Nona, our cook, and some of the ladies who usually work with children, did some rearranging of the children's rooms and white-washed the kitchen. They cleaned everything so that the children didn't even recognize their building.

We are all so thankful to you and your families that you made this vacation for our children possible. We understand that money doesn't fall on your hands and that it's difficult time not just for us but for whole the world. We appreciate everything that you do for us. Without your help this trip would not have been possible. May you and your families live under God's strong and blessed hand. We pray for you and your families, so that God would bless you abundantly in every sphere of your life. *Pastor Leonid*
