Hello Dear Sponsors,

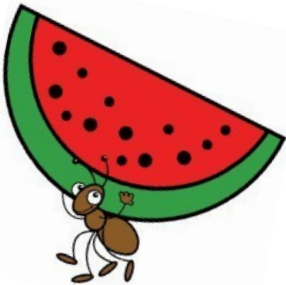

My name is Zhenya Koroljov. I'm 17 years old. I study on the second course in lyceum. I'll be an electric welder. I'm fond of my profession that's why I study hard.

As you have heard, we have 32 refugees living on our property. They came from the city of Avdeevka. In their city the war is going on. The mines are falling into their houses.

The most important thing that happened with me is that I was baptized. I love Christ and I want to live my life under His guidance. I'm very happy that He gives me strength to follow Him.

We all love you and continue to pray for you, your health, family, and work. We ask God to send you His grace. Thank you for the support that you send to us and that you remember us. May God bless you abundantly! Come to visit us some day.

Zhenya
