By Richard Yager, President of House of Hope... They MADE IT!!! .

June 4th: "We made it to Ukraine without issues. All of our crates did arrive safely at the Awakening Orphanage. We have made a good start in installing the kitchen. The kids were happy to see us and very curious about what's going on. The two ladies (Vira & Nona) who volunteer their time cooking are very excited about the transformation of the kitchen. Much left to do but all is going well".....

June 7th: "Just a short message from Krasnoarmiys'k. Things are going as well as they can, given how things go here. Our plumber and gas line guy, Artjom, couldn't get back to the "kitchen" project until today (Thursday). Tuesday was an all day event at a local reservoir and picnic area about 45 minutes out of town with all the kids plus other families..... I spent another day today doing the same while Behzad stayed to supervise work at the AO".....

June 12th: "The kitchen is all but installed; missing some plumbing for the cook's sink and ice-maker. The Pantry established next to kitchen used to be a second office and bed for the pastor/staff. A second trip to Donetsk needed for some minor items and cooking supplies. We hope to move into training in a couple of days. Our two new best friends are Vira & Nona, the two volunteer cooks. They are excited about the equipment of course".....
