As we look into 2011 we look at a block of time. We see 12 months, 52 weeks, 365 days, 8,760 hours, 525,600 minutes, 31,536,000 seconds. And all is a gift from God. We have done nothing to

deserve it, earn it, or purchased it. Like the air we breathe, time comes to us as a part of life.

The gift of time is not ours alone. It is given equally to each person. Rich and poor, educated and ignorant, strong and weak—every man, woman and child has the same twenty-four hours every day.

Another important thing about time is that you cannot stop it. There is no way to slow it down, turn it off, or adjust it. Time marches on.

And you cannot bring back time. Once it is gone, it is gone. Yesterday is lost forever. If yesterday is lost, tomorrow is uncertain. We may look ahead at a full year's block of time, but we really have no guarantee that we will experience any of it.

Obviously, time is one of our most precious possessions. We can waste it. We can worry over it. We can spend it on ourselves. Or, as good stewards, we can invest it in the kingdom of God.

The new year is full of time. As the seconds tick away, will you be tossing time out the window, or will you make every minute count?

Year of Time. Steven B. Cloud, Pulpit Helps, Vol. 14, # 2

Winter of Warmth

Thank you so much for remembering our children this Christmas! Due to your generosity, we were able to send them \$850.00 to buy much needed winter coats, and apparel. Now doesn't it kind of make *you* feel warm all over?

The Kitchen

We have been working on the kitchen project for quite a while now, and Behzad has devoted endless hours to make this *dream a reality!* We are making enormous progress! We now have drawings! God willing, we would like to have the kitchen installed and operational before winter 2011. We will soon be mailing you more specific information about this project! **But in the meantime, to view drawing, see reverse side.**

Remove this portion and mail with your next monthly contribution.
