THE KITCHEN

By RICHARD YAGER, President of House of Hope...

As you may know, we have been working for some time now toward our goal of a professional kitchen at the orphanage. It is our prayerful hope that this capability will provide training in culinary skills to our children, an outreach to those hungry for both food and the Word, and a vehicle toward self sufficiency.

We knew from the outset that this would be a huge undertaking and that the costs for needed equipment would be great (\$15,000 used to \$35,000 new).

God has been at work on all fronts. Through the generous financial support of the local Rotary and others, and the tireless efforts of Behzad Mostofi , we acquired the initial capital needed to begin our work!

Through the generosity of **Mr. Wade Zinn, owner of Poulsbo Athletic Club**, we were able to acquire most of the equipment from his cafe which closed down about a year ago. This included flat ware, glass ware, dishes, pots & pans, ice maker, stainless steel sinks, chairs and much more. Not only were we blessed with many items beyond what was thought possible at this time but provided one of the key kitchen components: a six burner stove with attached grill and two ovens. This left us still in need of a commercial size refrigerator, freezer, and deep fat fryer. But by God's grace, a local Pepsi Cola distributor, through **Mr. Tom Hall**, donated a used commercial size refrigerator. Now all that is needed is a deep fat fryer and freezer. Behzad mentioned at our last board meeting, that we may have a lead for these two items. God willing, these remaining challenges may soon be overcome.

Recently, Behzad traveled to Portland, OR and met with the owner/operator of Nazarene Transport, a company specializing in world wide shipping for outreach organizations. They agreed to pick up all the boxed and crated kitchen from Behzad's home door (not standard protocol) .They will ship **our entire kitchen equipment container directly to the orphanage's door!!**

"We make a living by what we get, but we make a life by what we give." - Winston Churchill

We have come an amazingly long way, seeing the kitchen become a reality, but we are still in need of **\$7000.00 financial support to cover shipping and duty expenses**. We believe God will continue to bless us and all of our supporters. It is our hope that all the kitchen equipment and supplies will be delivered to the orphanage sometime around March or April of next year. *Behzad Mostofi and Richard Yager* plan to oversee the installation and training. Thank you all for your continued support and please keep us in your prayers.

"Joy increases as you give it, and diminishes as you try to keep it yourself. In giving it, you will accumulate a deposit of joy greater than you ever believed possible." - Norman Vincent Peale
